Visitor Entries

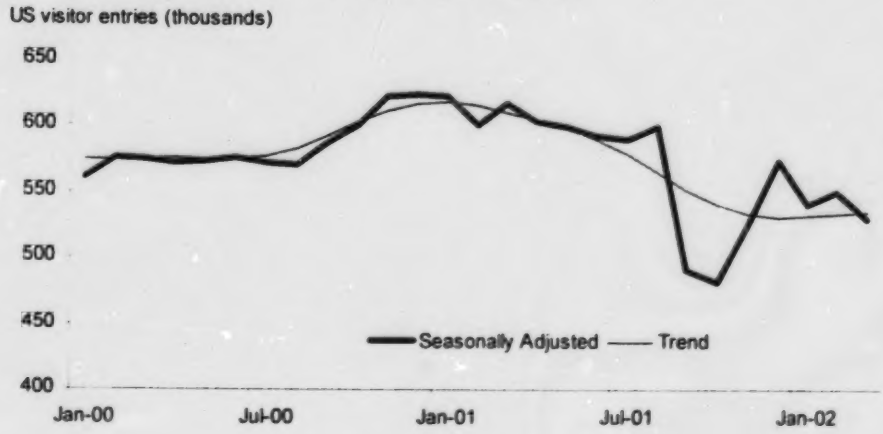
Visitor entries fell 3.5% in March, after an increase of 2.2% in the previous month. Entries from the United States were down 3.8% as a result of a slide in both same-day (-4.1%) and overnight (-3.0%) visitors. The number of visitors entering BC from overseas also decreased (-2.1%). Asian entries dropped 2.8% and European entries fell 1.4%. The only bright spot was a 2.1% increase in entries from Oceanic countries such as Australia.

Decreased entries from the US helped to cause BC's lower visitor entry levels in February



There was a 1.2% decrease in the number of Canadians returning to the country via BC. Same-day auto trips to the US were down 3.2% but more Canadians (+1.7%) returned from overseas trips via BC.

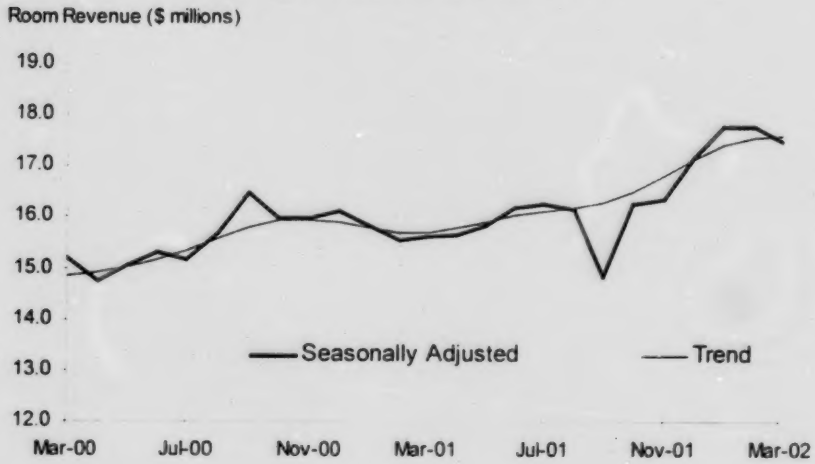
Tourism Trends

Room Revenue

Room revenue stayed constant in March after strong growth in the previous month. A downturn in Northeast (-13.9%) after four months of growth, and in Thompson Okanagan (-1.6%) kept provincial room revenue from increasing. Nechako posted the largest jump (+10.7%) followed by North Coast (+4.0%). Kootenay recorded a gain (+3.1%). The Cariboo region experienced its second decline in as many months. Revenues in the Nechako region were the highest they have been since April 1998 at over $803,000.

Room revenue in Thompson Okanagan dropped in March for the first time in six months

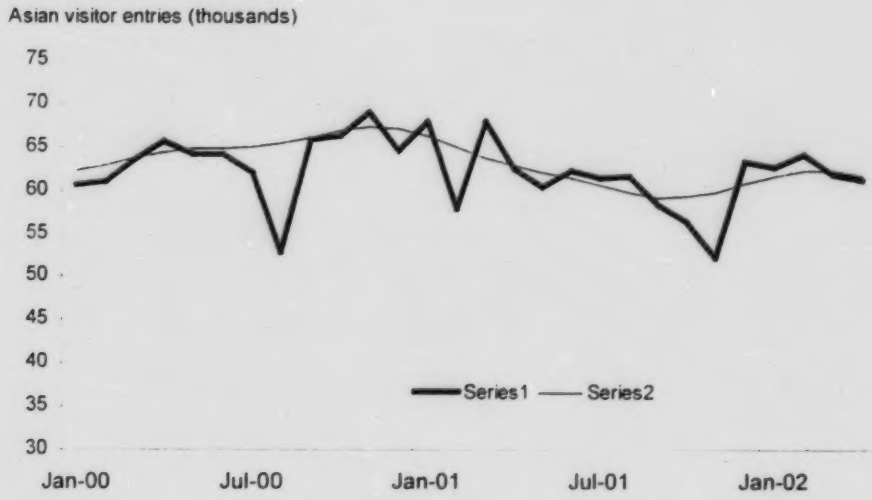


Hotels saw declines in their revenue in March. Hotels with 150-249 rooms were hit the hardest (-6.0%). Large hotels (250+ rooms) observed weak growth (+1.8%). Motels experienced a 3.7% decrease and revenue from vacation rentals slipped 5.9%. An increase in the number and usage of ski lodges helped to offset the decline in other establishments.

Visitor Entries

The number of travellers entering Canada via BC fell 0.9% (seasonally adjusted) between March and April. There were fewer entries of non-residents from both the US (-0.6%) and overseas (-2.7%). The number of non-resident entries began to decline early last year, but was showing signs of a possible turnaround prior to September 11th. Asian entries recovered after the terrorist attacks, but have declined recently. Total travel to Canada was down 0.9% in April, with the number of trips from overseas countries falling 3.3% while US entries decreased 0.6%.

Asian visitor entries have been falling for the last two months



There were 576,800 Canadians returning to the country via BC in April, a 0.2% decrease over March levels. Same day car trips to the US were up 0.4% and the number of Canadians returning from overseas fell 1.6%.

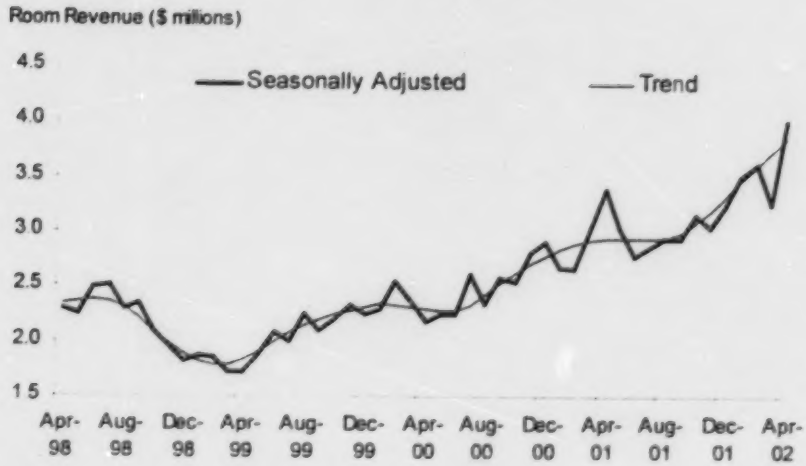
Tourism Trends

Room Revenue

Room revenue inched down 1.1% in April after falling by the same amount in the previous month. The driving force behind this decrease was the Kootenay where revenues fell by 13.9%. Revenues also slipped in North Coast (-8.8%) and Nechako (-10.4%). The Northeast region saw the largest increase at 23.0%. This was a strong recovery from a temporary fall in revenues through March. Northeast has been the top annual performing region for two straight years.

Room revenue in Northeast has strong growth in April after falling in March

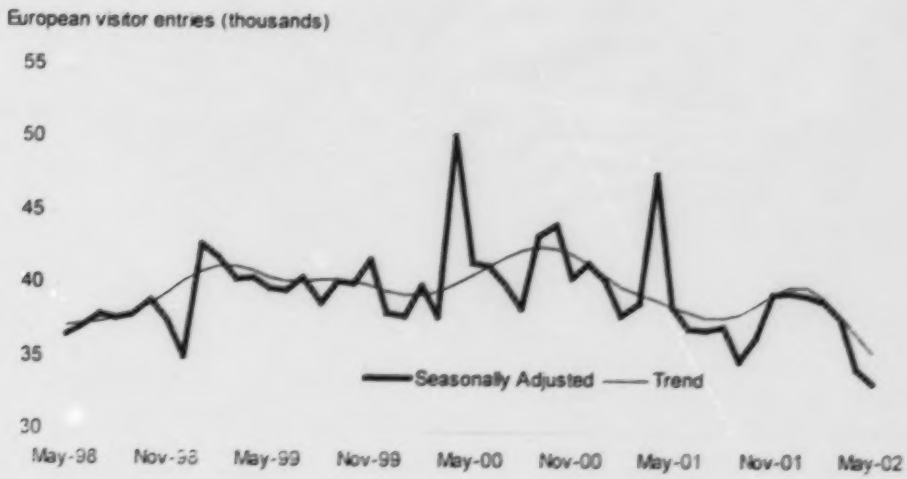


Vacation rentals (+4.7%) and hotels with 151-249 rooms (+9.0%) both saw increases in revenues in April. Motels experienced a slight decrease of 2.2%. Nanaimo (+20.9%) and Cranbrook (+17.9%) posted strong gains over the same period while Port Alberni (-14.8%) and Prince George (-9.5%) experienced declines.

Visitor Entries

International traveller entries to British Columbia grew 0.5% in May to 637,600 (seasonally adjusted), ending two months of decreases. Entries from the United States inched up (+0.3%) due to the increase in same-day trips (+0.8%) more than offsetting the drop in overnight trips (-0.8%). Entries from overseas grew by 1.8% and entries from Europe fell 3.1% to register a fifth consecutive month of decline. Asian entries grew by 4.6% recovering from two months of losses. The number of visitors from Japan in the first quarter of 2002 was 65,200, a 14.5% jump from the last quarter of 2001.

European visitor entries have been falling for the last five months



The number of Canadians returning from other countries via BC grew slightly in May (+1.7%). Same day car trips to the US stayed fairly constant (-0.3%) but returns from overseas (+1.8%) rose.

Highlights

Room Revenue

Room revenue fell slightly (-1.4% seasonally adjusted) in **May** to $123.7 million. Mainland Southwest (-1.5%) and Northeast (-24.4%) led the decline. Cariboo (+7.4%), Kootenay (+4.4%), and North Coast (+3.1%) had the only gains in May.

Room revenues fall for the third straight month

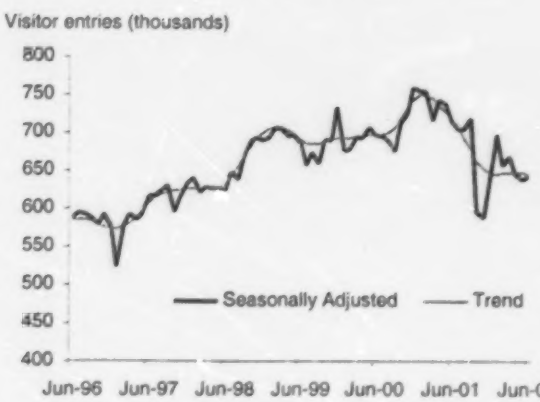
Visitor Entries

The number of travellers entering Canada via BC grew 2.7% (seasonally adjusted) between **May** and **June**. There was an increase in visitors from the US (+4.2%) which more than offset a decrease in visitors from overseas (-4.0%). Total Canadian re-entries remained constant from May to June.

Visitor entries climb up in June



Other Indicators

Victoria airport traffic fell 13.3% in **July** compared to the same month of 2001. BC Ferries had a 1.2% increase in the number of passengers over the same period. The average hotel room cost during the second quarter of the year was $117.45, up 1.7% compared to the same quarter of last year.

A Look Ahead...

Preliminary numbers for June show room revenues improving 0.5% (seasonally adjusted) over May. On a year over year basis, unadjusted numbers show a 2.4% gain over June of 2001.

Tourism Trends

Room Revenue

Room revenue inched down 1.4% in May, falling for the third month in a row. The drop in Mainland Southwest (-1.5%) played a large role in the overall decline for the province. Northeast fell 24.4% after a strong gain in May. It has been the most volatile district over the past year due to the high number of seasonal workers that stay in work camps and other accommodations. Cariboo (7.4%) and Kootenay (4.4%) had the strongest gains through May. The Kootenay has also been the top performer so far this year, with 21.8% more year-to-date revenues when compared to the same period of last year. There was a net increase of 687 rooms in BC since May of last year, 445 of which were in Kootenay. The North Coast (3.1%) was the only other district that was up, and was recovering from a sharp decline in April. Vancouver Island/Coast lost 0.7% as did Thompson Okanagan.

Kootenay has been the top performer compared to its year-to-date revenues at this point last year

NE = Northeast

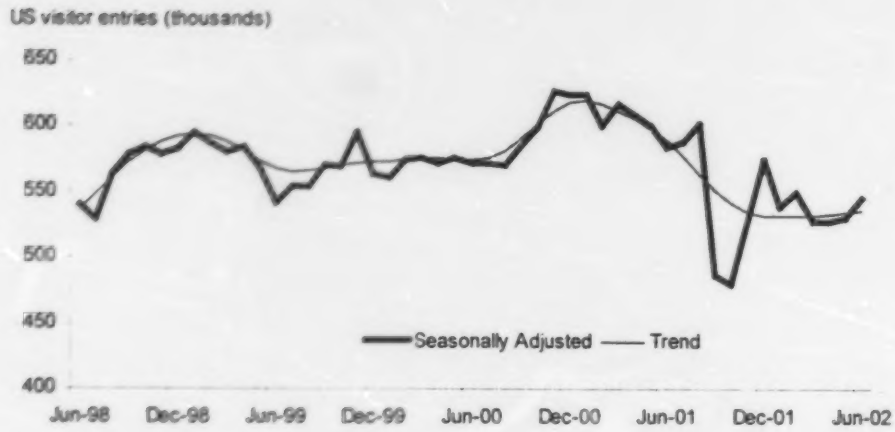
Only small hotels (+1.1%) and motels (+0.4%) experienced increased revenues in May. Vacation rentals (-5.7%) fell back after having an above average April.

Visitor Entries

There were 2.7% more international visitors in June than in May (658,800 seasonally adjusted). This was largely due to more United States visitors (+4.2%) via same-day trips (+0.5%) and overnight trips (+3.7%). There were fewer overseas entries from all sources in June. The number of European visitors (-0.4%) was down for the sixth straight month, and there were fewer travellers from both Asia (-7.2%) and Oceania (-1.1%).

US visitor entries are pulling out of the downward trend they have been facing since early 2001



Fewer same day car trips to the US (-1.2%) offset the increase in Canadians returning from overseas (+2.3%) causing no change in the total number of Canadians returning from other countries via BC.

Second Quarter Summary

There were 1,936,600 international entries during the second quarter of 2002. This is a 2.0% decline in the number from the previous quarter, and a 10.1% drop from the same quarter of last year. European entries (-13.5% since last quarter) were the lowest they have been since the first quarter of 1995. Asian (-3.9%) and Oceania (-5.1%) entries also fell since last quarter. In contrast, the second quarter saw 232,600 Canadian re-entries from overseas, its high point in the last seven years.
